Ipswich Borough Council was seeking a training partner who could deliver a coordinated package of development activity built around 4 Management Away Days between November 2007 and March 2009.

This structured Management Development programme will aim to support Ipswich Borough Councils Workforce Development Plan by:

- Improving management behaviours, assisting managers to engage with best practice and to develop skilled and competent managers
- Preparing managers for Unitary Government; assisting them to understand unitary responsibilities

## 360 Assessments

We developed a bespoke online 360 Assessment package through which all managers receive rounded feedback on their practice in the context of the management competencies.

The Training Team also delivers 360 feedback to all managers through coaching, in order to produce a personal development plan.
